

HR/ADMIN. MANAGEMENT SYSTEM

MODULES:

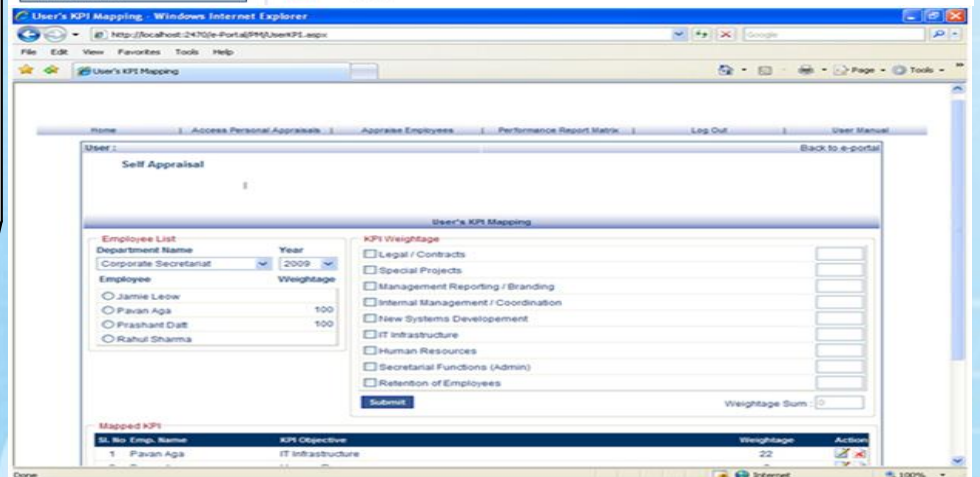

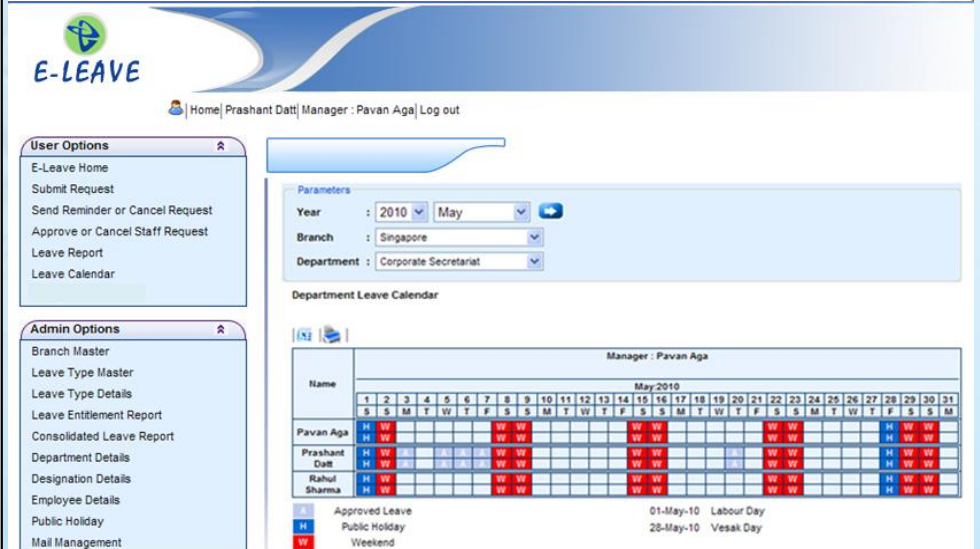

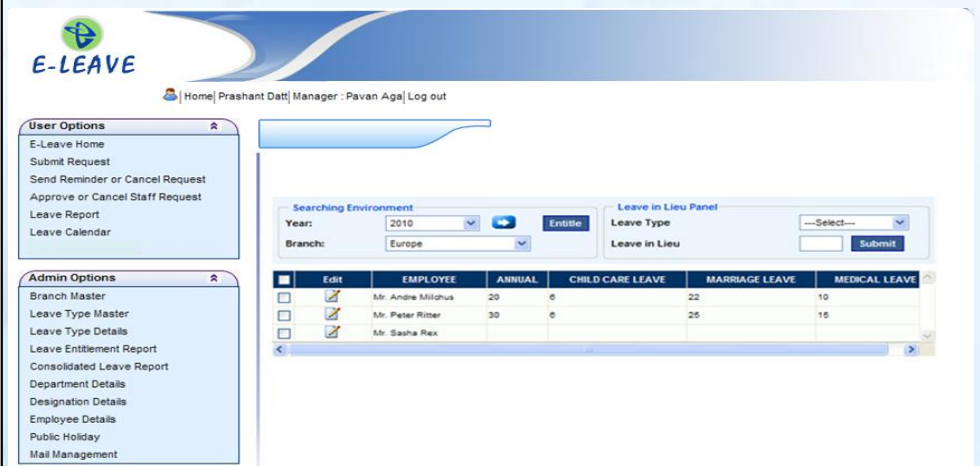

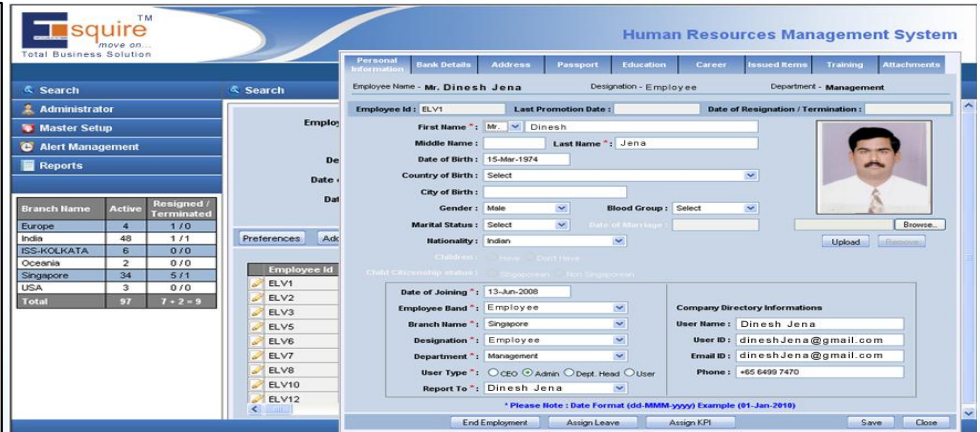

1. E-RECORD
2. E-LEAVE
3. PERFORMANCE APPRAISAL
4. ONLINE SCREENING/ LI TEST SYSTEM
5. EMPLOYEE HANDBOOK

1. E-RECORD

It is a typical employee data repository accessible to both HR Managers & individual employees. It has many unique features like employee strength counter, dynamic letter template creation, auto alert mgmt, export to excel & PDF, attrition report & many more....

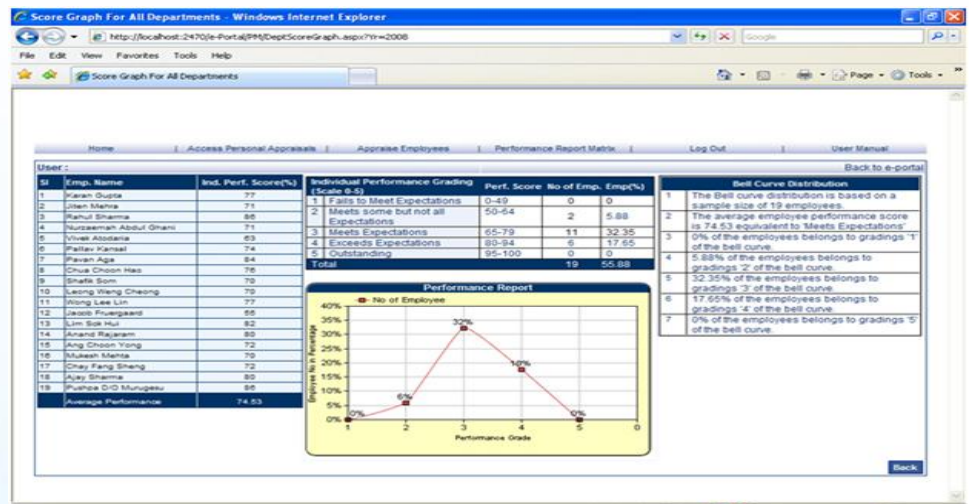

2. E-LEAVE

It is an online employee leave mgmt system, where employees can apply for leave & get approved by their reporting heads through the web. Also, it keeps track of entitled, consumed, remaining & carried forward leaves automatically. Many other features include, leave calendar, consolidated & individual leave reports, and more...

3. PERFORMANCE APPRAISAL

It is a 360 degree online appraisal system. Here individual & departmental KPI's can be dynamically assigned, edited & deleted as per the need. The system follows an appraisal continuity process starting with self appraisal & finally ending with the employee accepting the appraisal scores given by the manager/ reporting authority. Final appraisal reports (both individual & depart wise) can be viewed as a subjective document or graphical view.

4. ONLINE SCREENING/ LOGICAL INTELLIGENCE TEST SYSTEM (LITS)

It is an online test system where all kinds of questions (Objective/Subjective) can be created dynamically & assigned to examinees. Assigned test timings, number of questions can be set while assigning a test to an examinee, by an examiner. The online test timer measures & ends the test after the assigned time.
